

Please read this guide carefully before upgrading your Flippy My Life Stories 2.1.0 to 3.0.0.

What's New and Changed?

- Facebook login update.
- Brand new layout.
- Photo stories (Registered users only)
- SSL support added.
- Brand new admin panel.
- Brows stories by gender added.
- Brows stories by country added.
- Auto / manual comment approve settings added.
- 100% recoded.
- Bug fixes.

New password encryption algorithm added in the new version. When your users logged in with the correct current login their password will be automatically encrypted with new encryption algorithm.

Old password encryption algorithm is decapitated and will be release end of this year so you will have enough time to get your user passwords converted to new encryption.

What if some of your user's did not even logged in ones by end of year? No worries, they still can reset their password.

How to Upgrade

Upgrading from 2.1.0 to 3.0.0 is really simple. Please follow the few simple steps below.

Please backup your database before continuing

Step 1: Backup all the files from your website. **(Very Important)**

Step 2: Backup your database. **(Very Important)**

Step 3: Delete all the files from your website except for the following. You can also just replace the files if you don't want to delete your old files. But we recommend you to remove old files.

db.php
avatars
images
favicon

Step 3: upload all the files located at Flippy My Life Stories\ftp\ upgrade\ folder.

Step 4: Update your database by pointing your browser to

<http://www.your-site.ext/update.php>.

Step 5: Delete update.php. **(Very Important)**

That's it, you're done. Enjoy your new Flippy My Life Stories 3.0.0. If you need any help or face any issues with our products please don't hesitate to contact us. Thank you for choosing Flippy products.
